4 Medical Research in all branches is one of the subjects of study for which Damodar Das scholarships maybe & have been granted There is one Damodar Da, Scholar studying medicine (S Subbarao) and there are other State scholars studying medicine (R K Venkat Rao Kanve, naidu, Ganapati) whose Special scholarships from State Funds

5 ~~This year~~ As there were such a large number of persons studying medicine with State aid, ~~it~~ an instruction was issued this year to the Board for the Selection of Damodar Das Scholars that Students for other subjects should be preferred to students of medicine -

I consider Dentistry an exceedingly important branch of medicine, and would befriend to have a dentist visit the Victoria Hospital at stated periods, if this was accommodation for the applicant is qualified to practise medicine & Surgery, and I recommend that he be granted a Certificate for two years to enable him to obtain the the Diploma in Dental Surgery+. (Only two years are required in the case of qualified men already practising medicine & Surgery)

+ I suppose he would be entitled to receive honorary Certificate for 5 yrs after qualifying as Dentist to the Victoria Hospital

24 I think that this scholarship and that for another prior applicant also studying medicine [Dr (Venkatesa) Gore] may both be given, as both candidates have shown considerable enterprise by going to England and passing some of the Medical examinations on their own resources. The amount may be paid out of savings of Damodardas Scholarship fund, amounting to about 35,000 Rs.

The Dewan
Government of Mysore
Bangalore

Respected Sir

I beg to bring the following few lines to your Kind Consideration

I am a mysorian by birth My father Mr S Narasimha Aiyengar is practising in the Chief Court of Mysore and my brother Mr S N Appanna Aiyengar Ba BL is the Amld of Hassan Mr S S Setlur Ba LLB acting judge of the chief Court of Mysore is my maternal uncle

Having obtained the degree of the Bachelor of arts of the University of Madras in the year 1903, I joined the Grant Medical College Bombay After undergoing success of

the five years' course I came to Scotland to end the course of study and if possible to be a specialist in some branch of the profession In July I obtained the triple qualification of the Royal colleges of the physicians + Surgeons Edinburgh and of the Faculty of the Physicians and Surgeons Glasgow

I now think of taking dentistry as my special subject The course of study take two years for completion and I find it impossible to maintain myself for such a long time

May it please you to grant me a Scholarship that I may be able to ~~obtain~~ qualify myself as a dentist

Hoping that my application will be favourably considered

I remain
Yours obediently

Aug 11th 1909

Dr S N S Aeyengar was a member of the class of clinical Surgery conducted by myself in the Glasgow Royal infirmary during the Summer session 1909 He was constant in his attendance and I was favourably impressed by his Knowledge and ability This impression was conformed by his success in the final examination for the Scotch triple qualification & he is now a medical practitioner My Knowledge of Dr Aeyengar is confined to his Conduct as a student but I can confedently say that his professional Knowledge & his general Character are excellent to make him a eligible candidate for a dental scholarship from the Government of Mysore for which he is now an applicant

Respected Sir

I beg to bring the following few lines to your Kind Consideration

I am a native of Mysore My father Mr S Narasimha Aiyengar is practising as an advocate of the cheef Court of Mysore My brother Mr S N Appanna Aiyengar Ba BL is the Amildar of Hassan

Having passed the LRCP+S exam here, I applied to the Mysore Government for a scholarship that I may qualify myself as a dentist My father writes to me that I have no chance of getting it since the Government has abandoned the idea of granting any medical or

Scholarship this year Since there are very few dentists in the whole province I thought I could render myself of some use to my fellowmen by being a specialist in that branch of medical science. The cost of the course is very high I must pay 70£ to get a sound mechanical training I must pay 15£ to the dental hospital for two years and and 10£ towards the various lectures & my instruments in all cost me 20£ My two years' stay at the rate of 7£ a month will come to 164£ Thus the amount I'd have to spend comes to nearly 300£. My father finds it quite difficult to supply me with such a large amount.

Hence I request you that in case I cannot get a scholarship, you may recommend to the Government to sanction me a loan of 5000 Rs I promiss to return the amount within a period of six

years In case my services are required by the Government I promise to serve the Government for any number of years provided I am given proper encouragement and that when I serve the Government, half my monthly salary may go towards my debt until it is cleared If the Government does not like to forego the interest I will gladly pay the interest every year If any security be required for this large sum, My father and my brother will both be responsible for the amount in case I fail to pay it

Hoping that my application will be favourably considered and that I get an early reply

I remain
Yours obediently
S R S Aiyengar
